

# Rice

## *Cooking like in Brazil (Pilaf)*

Brown in oil 1 small onion

Add the basmati rice (1 glass of rice for 2 people)

Stir over medium heat until the rice grains become translucent.

Add water: 1.5 times the rice volume. The water can be hot: this will accelerate cooking.

Salt.

Cook covered, low heat, at least 20 minutes.

Let stand for 5 minutes before serving.

## *Creole cooking*

As indicated on the package: pour the rice into a large volume of boiling salted water, cook for 20 minutes, drain, add butter.
