

Pancake Batter

Ingredients

For a dozen pancakes:

- 200g flour
- 3 eggs
- 1/2 glass of water
- 1 pinch of salt
- 1 tablespoon of neutral oil
- About 200 mL of milk

Preparation

In a bowl, mix the flour with the eggs, salt and oil.

When the mixture is smooth, add the water little by little.

Add the milk until you get the right consistency.

The dough will be better if left to rest for 1/2 hour, covered with a cloth.
