

Rice

Cooking like in Brazil (pilaf)

Brown 1 small onion in oil

Add the Basmati rice (1 glass of rice for 2 people)

Stir over medium heat until the rice grains become translucent.

Add water: 1.5 times the volume of rice. The water can be hot: this will speed up the cooking.

Salt.

Cook covered over low heat for at least 20 minutes.

Let stand 5 minutes before serving.

Creole cooking

As indicated on the packet: pour the rice into a large volume of boiling salted water, cook for 20 minutes, drain, add butter.
